

`complex.MathComplex.uminus`

```
graph LR; A[complex.MathComplex.uminus] --> B[complex.Complex.imag]; A --> C[complex.Complex.real];
```

The diagram illustrates the relationship between the `complex.MathComplex.uminus` attribute and its underlying components. A central gray box labeled `complex.MathComplex.uminus` has two blue arrows pointing to two white boxes on the right. The top white box is labeled `complex.Complex.imag` and the bottom white box is labeled `complex.Complex.real`.
