

JMenuBar

ActionListener

frames.CPMenuBar

```
graph BT; CPMenuBar[frames.CPMenuBar] --> JMenuBar[JMenuBar]; CPMenuBar --> ActionListener[ActionListener];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'frames.CPMenuBar'. Two arrows originate from the top of this box: one points vertically up to the bottom of the 'JMenuBar' box on the left, and the other points vertically up to the bottom of the 'ActionListener' box on the right. A horizontal line connects the two vertical stems of these arrows, forming a T-shape that branches into two upward-pointing arrows.
