

JFrame

ActionListener

frames.MobiusFrame

```
classDiagram
    frames.MobiusFrame --> JFrame
    frames.MobiusFrame --> ActionListener
```

The diagram illustrates the relationships between three classes. At the top, there are two boxes: 'JFrame' on the left and 'ActionListener' on the right. Below them, centered, is a box labeled 'frames.MobiusFrame'. A horizontal line with upward-pointing arrows at both ends connects the bottom of the 'JFrame' box to the bottom of the 'ActionListener' box. A vertical line descends from the center of this horizontal line to the top of the 'frames.MobiusFrame' box, indicating that 'frames.MobiusFrame' inherits from both 'JFrame' and 'ActionListener'.
