

packing.PackData.hex_proj

```
graph LR; A[packing.PackData.hex_proj] --> B[packing.PackData.countFaces]; A --> C[packing.PackData.isBdry];
```

A diagram showing a node on the left, 'packing.PackData.hex_proj', which is shaded gray. Two blue arrows originate from its right side and point to two separate white rectangular nodes on the right. The top node is labeled 'packing.PackData.countFaces' and the bottom node is labeled 'packing.PackData.isBdry'.

packing.PackData.countFaces

packing.PackData.isBdry
