

packing.PackLite.PackLite

```
graph LR; A[packing.PackLite.PackLite] --> B[packing.PackLite.createFrom]; B --> B;
```

The diagram illustrates a call from the `packing.PackLite.PackLite` class to the `packing.PackLite.createFrom` method. A straight blue arrow points from the left box to the right box. A curved blue arrow above the right box indicates a self-call or recursive invocation of the `createFrom` method.

packing.PackLite.createFrom
