

ActionListener

ItemListener

panels.CPPreferences

```
graph BT; CPP[panels.CPPreferences] --> AL[ActionListener]; CPP --> IL[ItemListener];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'panels.CPPreferences'. Two arrows originate from the top of this box and point upwards to two separate boxes at the top: 'ActionListener' on the left and 'ItemListener' on the right. This indicates that 'panels.CPPreferences' inherits from both 'ActionListener' and 'ItemListener'.
