

JPanel

MouseListener

panels.CPcanvas

```
graph BT; CPcanvas[panels.CPcanvas] --> JPanel[JPanel]; CPcanvas --> MouseListener[MouseListener];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'panels.CPcanvas'. Two arrows originate from the top of this box and point upwards to two separate boxes at the top: 'JPanel' on the left and 'MouseListener' on the right. This indicates that 'panels.CPcanvas' inherits from both 'JPanel' and 'MouseListener'.
