

rePack.EuclPacker.reapResults

```
graph LR; A[rePack.EuclPacker.reapResults] --> B[combinatorics.komplex.Vertex.getFaceFlower]; A --> C[util.TriData.vertIndex]
```

The diagram illustrates a central node on the left, 'rePack.EuclPacker.reapResults', which is shaded gray. Two blue arrows originate from its right side. The upper arrow points to a white box containing 'combinatorics.komplex.Vertex.getFaceFlower'. The lower arrow points to a white box containing 'util.TriData.vertIndex'.

combinatorics.komplex.Vertex.get
FaceFlower

util.TriData.vertIndex
