

script.DOMSerializer.serialize

The diagram illustrates a sequence of events. On the left, a gray rectangular box contains the text 'script.DOMSerializer.serialize'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box also contains the text 'script.DOMSerializer.serialize'. Above the white box, a curved blue arrow starts from its top edge and points back down to its top edge, forming a loop that indicates a recursive or self-referencing call.
