

tiling.TileData.newVertAug

```
graph LR; A[tiling.TileData.newVertAug] --> B[tiling.TileData.getEdgeVerts]; B --> B;
```

The diagram illustrates a sequence of operations. It starts with a box labeled 'tiling.TileData.newVertAug'. A straight blue arrow points from this box to a second box labeled 'tiling.TileData.getEdgeVerts'. From the top of the second box, a curved blue arrow loops back to the same box, indicating a self-call or a recursive step.

tiling.TileData.getEdgeVerts
