

util.TriAspect.nghb_Tri

```
graph LR; A[util.TriAspect.nghb_Tri] --> B[util.TriAspect.TriAspect]; A --> C[util.TriData.vertIndex];
```

The diagram consists of a central gray rectangular node on the left containing the text 'util.TriAspect.nghb_Tri'. From the right side of this node, two blue arrows point to two separate white rectangular nodes on the right. The top white node contains the text 'util.TriAspect.TriAspect' and the bottom white node contains the text 'util.TriData.vertIndex'. All nodes have a thin black border.
