widgets.SliderFrame.setHelpText

```
graph LR; A[widgets.AngSumSliders.AngSumSliders] --> D[widgets.SliderFrame.setHelpText]; B[widgets.RadiiSliders.RadiiSliders] --> D; C[schwarzWork.SchFlowerSliders.SchFlowerSliders] --> D;
```

The diagram illustrates a dependency or call relationship. Three source boxes on the left, each containing a fully qualified class name, have blue arrows pointing to a single target box on the right. The target box contains a method name. The source boxes are: 'widgets.AngSumSliders.AngSumSliders', 'widgets.RadiiSliders.RadiiSliders', and 'schwarzWork.SchFlowerSliders.SchFlowerSliders'. The target box is 'widgets.SliderFrame.setHelpText'.
