

widgets.SliderFrame.Slider
Frame

```
graph LR; A[widgets.SliderFrame.SliderFrame] --> B[widgets.SliderFrame.killMe]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'widgets.SliderFrame.SliderFrame' on two lines. The right box is gray with a black border and contains the text 'widgets.SliderFrame.killMe' on one line.

widgets.SliderFrame.killMe
