```
graph LR; A[canvasses.CanvasReDrawManager.change Active] --> C[canvasses.CanvasReDrawManager.change Active]; B[canvasses.CanvasReDrawManager.change Active] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, each containing the text 'canvasses.CanvasReDrawManager.change' on the top line and 'Active' on the bottom line. On the right, there is a single gray box with a black border, also containing the same two-line text. A blue arrow points from the right side of the top white box to the left side of the gray box. Another blue arrow points from the right side of the bottom white box to the left side of the gray box.
