

DropTargetListener

```
graph BT; A[dragdrop.EditDropListener] --> B[DropTargetListener];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'dragdrop.EditDropListener'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'DropTargetListener'. The arrow indicates that 'dragdrop.EditDropListener' inherits from 'DropTargetListener'.

dragdrop.EditDropListener
