

ftnTheory.AffinePack.riff

```
graph LR; A[ftnTheory.AffinePack.riff] --> B[ftnTheory.ProjStruct.adjust Sides]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'ftnTheory.AffinePack.riff'. The right box is gray with a black border and contains the text 'ftnTheory.ProjStruct.adjust' on the top line and 'Sides' on the bottom line.
