

geometry.CircleList.sphGeodesicList

```
graph LR; A[geometry.CircleList.sphGeodesicList] --> B[geometry.CircleList.build SphList];
```

The diagram illustrates a function call. A white rectangular box on the left contains the text 'geometry.CircleList.sphGeodesicList'. A blue arrow points from this box to a gray rectangular box on the right. The gray box contains the text 'geometry.CircleList.build' on the top line and 'SphList' on the bottom line.

geometry.CircleList.build
SphList
