

`math.Point3D.vectorSum`

```
graph LR; A[math.Point3D.vectorSum] --> B[math.Point3D.Point3D]; A --> C[math.Point3D.Point3D];
```

The diagram illustrates the return type of the `math.Point3D.vectorSum` method. A gray rectangular box on the left contains the text `math.Point3D.vectorSum`. Two blue arrows originate from the right side of this box and point to two separate white rectangular boxes on the right. Both of these boxes contain the text `math.Point3D.Point3D`, indicating that the method returns a `math.Point3D` object.
